ATHFFROT	<b>Athyrium filix-femina 'Rotstiel'</b>	'Lady Fern' Deciduous hardy fern with upright shuttlecocks of delicate light green feathery fronds with red stems. Prefers a sheltered position, in light shade and moist soil. Height and spread 60cm.	2 lit.	£4.85
ATHVIC	<b>Athyrium filix-femina 'Victoriae'</b>	'Lady Fern' Hardy deciduous fern. Ornamental pale green fronds. Height 50cm. Prefers moist soil and full or partial shade.	2 lit.	£4.85
ATHNPIC	<b>Athyrium niponicum var. pictum</b>	'Japanese Painted Fern' Hardy deciduous fern with creeping red-brown rhizomes and silvery-grey fronds with wine-red midribs. Height 25cm. Prefers moist soil and full or partial shade. RHS 'Award of Garden Merit'	2 lit.	£4.85
ATHOVOKA	<b>Athyrium otophorum var. okanum</b>	'Eared Lady Fern' Deciduous hardy fern. Yellow-green fronds with purple midribs. Height and spread 50cm. Requires a moist acid or neutral soil, best in partial shade.	2 lit.	£4.85
ATHVID	<b>Athyrium vidalii</b>	Deciduous hardy fern with attractive light green-yellow fronds with red stems. Height 80cm, spread 50cm. Best grown in moisture retentive fertile soil in a sheltered shady position.	2 lit.	£4.85
BLEPEM	<b>Blechnum penna-marina</b>	Hardy evergreen fern with creeping rhizomes. Glossy dark green comb-shaped fronds. Height 15cm. Spread 45cm. Neutral to acid soil only. RHS 'Award of Garden Merit'	2 lit.	£4.85
BLESPI	<b>Blechnum spicant</b>	'Deer Fern' Hardy fern with glossy dark green comb-shaped every fronds grow from neat rosettes. Height 40cm. Neutral to acid soil only. RHS 'Award of Garden Merit'	2 lit.	£4.85
CYRCAR	<b>Cyrtomium caryotideum</b>	'Fishtail Holly Fern' Evergreen hardy fern with erect green pinnate fronds. Best grown in moist free draining soil, in partial shade. Height 45cm.	2 lit.	£4.85
CYRFOR	<b>Cyrtomium fortunei</b>	'Japanese Holly Fern' Semi-evergreen hardy fern with erect green fronds. Best grown in moist free draining soil, in partial shade. Height 60cm. RHS 'Award of Garden Merit.'	2 lit.	£4.85

Code	Variety	Description	Size	Price
DRYTK	<b>Dryopteris aff. 'Cristata' The King</b>		2 lit.	£4.85
		'The King Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of dark green lance shaped fronds with crested tips, Height 90cm. Best grown in moist humus rich soil, in partial shade. RHS 'Award of Garden Merit'		
DRYDAD	<b>Dryopteris aff. 'Polydactyla Dadds'</b>		2 lit.	£4.85
		Semi-evergreen hardy fern, producing a 'shuttlecock' of green fronds forked at the tip., Height 80cm. Best grown in moist humus rich soil, in partial shade.		
DRYAFF	<b>Dryopteris affinis</b>		2 lit.	£4.85
		'Golden Male Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of dark green fronds with golden brown midribs, Height 90cm. Best grown in moist humus rich soil, in partial shade. Will remain green through the winter in a sheltered site. RHS 'Award of Garden Merit'		
DRYCON	<b>Dryopteris affinis 'Congesta'</b>		2 lit.	£4.85
		'Congested Golden Male Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of dark green very congested fronds, Height 25cm. Best grown in moist humus rich soil, in partial shade. Will remain green through the winter in a sheltered site.		
DRYPIN	<b>Dryopteris affinis 'Pinderi'</b>		2 lit.	£4.85
		'Golden Male Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of dark green lance shaped fronds, Height 60cm best grown in moist humus rich soil in partial shade.		
DRYCRI	<b>Dryopteris affinis Crispa Group</b>		2 lit.	£4.85
		'Golden Male Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of light green lance shaped fronds, Height 60cm. Best grown in moist humus rich soil, in partial shade.		
DRYBUS	<b>Dryopteris buschiana</b>		2 lit.	£4.85
		Hardy deciduous fern producing a shuttlecock of green fronds. The young yellowish-green and glossy fronds appear early in the spring and it best grown in a sheltered position to avoid hard frosts. Prefers moist soil and partial shade. Height 75cm.		
DRYDCWH	<b>Dryopteris dila. 'Crispa Whiteside'</b>		2 lit.	£4.85
		'Cristate Broad Buckler Fern' Deciduous hardy fern with attractive golden-green wavy fronds. Height and spread 65cm. Prefers moist acid or neutral soil. RHS 'Award of Garden Merit'		
DRYPRO	<b>Dryopteris ery. var. prolifica</b>		2 lit.	£4.85
		'Japanese Rosy Buckler Fern' Semi-evergreen fern with attractive coppery-bronze young fronds, turn green with age. Best grown in humus rich soil, in partial shade. Height 35cm. RHS 'Award of Garden Merit'		
DRYERY	<b>Dryopteris erythrosora</b>		2 lit.	£4.85
		'Japanese Rosy Buckler Fern'. Semi-evergreen fern with attractive rosy-red young fronds, turn green with age. Best grown in humus rich soil, in partial shade. Height 100cm. RHS 'Award of Garden Merit'		
DRYCC	<b>Dryopteris f-m 'Crispa Cristata'</b>		2 lit.	£4.85
		'Male Fern' Deciduous hardy fern, producing a 'shuttlecock' of long narrow green fronds. Height 100cm. Best grown in moist, humus rich soil, in full or partial shade.		
DRYFM	<b>Dryopteris filix-mas</b>		2 lit.	£4.85
		'Male Fern' Semi-evergreen hardy fern, producing a 'shuttlecock' of long narrow leathery mid-green fronds. Height 100cm. Best grown in moist, humus rich soil, in full or partial shade. Will tolerate dry shade. RHS 'Award of Garden Merit'		
DRYBAR	<b>Dryopteris filix-mas 'Barnesii'</b>		2 lit.	£4.85
		'Male Fern' Deciduous hardy fern, producing a 'shuttlecock' of long narrow mid-green fronds. Height 120cm. Best grown in moist, humus rich soil, in full or partial shade.		
DRYGOL	<b>Dryopteris goldieana</b>		2 lit.	£4.85
		'Goldie's Fern' Deciduous fern. Slowly creeping rhizome with tufts of long stalked pale green fronds with dark green midribs. Height 120cm. Spread 60cm. Prefers to be grown in light shade and moist soil.		
DRYSIE	<b>Dryopteris sieboldii</b>		2 lit.	£4.85
		Evergreen Fern. Leathery glaucous green triangular pinnate fronds. Prefers moist humus rich soil. Best grown in a sheltered shady position.		
DRYSTE	<b>Dryopteris stewartii</b>		2 lit.	£4.85
		'Stewart's Wood Fern' Deciduous hardy fern with dark green broad triangular fronds. Native of the Himalayas. Best grown in a moist position in light shade. Height 60cm		
DRYWAL	<b>Dryopteris wallichiana</b>		2 lit.	£4.85
		'Wallich's Wood Fern' Hardy deciduous fern producing a shuttlecock of dark green fronds. Height 90cm. RHS 'Award of Garden Merit'		

Code	Variety	Description	Size	Price
MATORI	<b>Matteuccia orientalis</b>	Evergreen hardy fern forming attractive crowns. Has shorter fertile fronds in its centre that are decorative, turning brown in winter. Prefers moist soil and partial shade, will not tolerate drought. Best grown in sheltered position, not exposed to hard frosts. Slowly spreading habit. Height 65cm.	2 lit.	£4.85
MATSTR	<b>Matteuccia struthiopteris</b>	'Shuttlecock Fern' or 'Ostrich Fern' Deciduous hardy fern with erect yellow-green fronds taped at each end. Prefers moist soil and partial shade, but can be grow in full sun. Slowly spreading habit. Height 120cm in ideal conditions. RHS 'Award of Garden Merit'	2 lit.	£4.85
